**NEUROFIBROMATOSIS
NETWORK**

NF Network is a nonprofit 501(c)3 organization.

Mission statement:

To find treatments and a cure for neurofibromatosis by promoting scientific research, improving clinical care, providing outreach through education and awareness, while offering hope and support to those affected by NF.

Through your contribution you will:

Help find a cure and treatment for NF through scientific research and education.

Many important advances have been made in NF research of late. Specifically that NF is closely linked to many of the most common forms of cancer, brain tumors and learning disabilities. NF research has become one of the hottest areas of medical study because of these scientific breakthroughs which link NF to these diseases that affect a larger segment of the population.

Please help us keep the hope alive for the one and one half million people challenged by NF.
